Anna Rose & David, July 2011

Thank you so much for making a very special day even more special. Everyone had a wonderful time – including us – and that is down to the relaxed but professional attention they received from all of you. We have so many lovely memories to cherish and they have the backdrop of not having a seconds' concern throughout the evening because we knew that everything and everyone was so well looked after. Having an intimate and fun party was our chief aim – you made it happen for us. Thank you all very very much.

Jeanne & Shane, April 2011

Seeing as this is our favourite restaurant, we decided to book it for our wedding. We wanted to guarantee a great meal for our guests so Jack's was the obvious choice for us. Its superb location and magnificent scenery were a very welcome bonus for us and our guests also. We were so blessed with the weather on the day that we had our drinks reception outside, looking out over the ocean and mountains. This was suggested by Brian. In dealing with Brian, all we can say is he is the wedding planner extraordinaire! He was always so helpful with suggestions, hugely attentive to detail and generous in many ways with his time and service. He always went the extra mile, for example by ordering in petals matching the bridesmaid's dresses for the tables and has always treated us in such a way that we felt that we were the only couple ever to have our reception in Jack's! On the day, the food was nothing short of spectacular, the service impeccable as always and it was the perfect venue for our after party. Our guests haven't stopped raving about so many aspects of the day, from JP's piano music throughout the meal, to the service they received from Brian and his staff and the fabulous location of this venue. We always said that we wanted a wedding with a difference and we certainly got over and above all of our expectations with Jack's. I would recommend any future bride and groom to visit this location as a definite contender for their reception.

Hilary & Eoin, April 2010

As the rain came down in buckets loads outside you would be forgiven for thinking that the day might not go as planned but we needn't have worried because our Wedding Day went off without a hitch. The reception drinks were ready at the front door for our guests and everyone had smiles on their faces as they were handed their drinks. We had JP on the piano entertaining people before and during the meal, playing beautiful background music which set the day up nicely (couldn't recommend JP highly enough). The meal was beautifully prepared from starters to coffees. The service was impeccable, none of our guests were left waiting for their food and it felt like nothing could go wrong, except the speeches.

It was one of the best decisions we've made having our reception at Jacks. Brian was so approachable and never has any problems meeting us when we had any queries. On the Wedding Day, Brian event managed the day and any unforeseen circumstances were quickly dealt with. His staff made the day go so smoothly with their friendly, efficient service and put our guests at ease from the get go, which massively contributed to our day.

After the speeches, the tables were taken away quickly and the dance floor was set up. Brian advised us that he could book bands as well so as to take some of the pressure off. I've never seen so many happy faces in one place before. That was down to the venue and the quality service from the staff that were always on hand to help our guests.

To say it was the best day of our life wouldn't do the day justice. As a venue for a wedding reception Jacks is perfect, the huge windows provide a views of the incredible coastline of Kerry. The ambience created by coming into the traditional front bar and going through to the cosmopolitan restaurant added another dimension to our day. It gave our guests the option of changing venues within a venue and a change is as good as a rest. When the end of the night finally arrived Brian and the staff were on hand to organise taxis for our guests, which was much needed.

You always know when you've had a great time, when people are still taking about it months after the event and we still have people coming up to us telling us it was the best wedding they've ever been to.

Thank You to Brian and his superb staff for all their efforts
